

Adult Mental Health Pre-consultation events 2024

You are invited to have a say on the Trust's Adult Mental Health Inpatient and Rehabilitation Pathway.

We have a range of adult mental health wards which offer support during an acute crisis, including inpatient assessment, treatment and rehabilitation for patients with complex mental health needs. While in our care, patients will be looked after by staff who are skilled to deliver the right response to support recovery and wellbeing.

Who is invited? Anyone who has an interest in Adult Mental Health Inpatient and Rehabilitation Services within Herefordshire and Worcestershire is welcome to sign up. This includes patients, carers, staff, interested members of the public and any partner services or organisations.

What will happen at the event? During the event there will be a presentation to explain the current service offer, the issues, and our ideas. We will describe the 'Getting It Right First Time (GIRFT)' methodology that we are using to help us with this. There will then be an opportunity to share your feedback, and to discuss any ideas you have.
